I enjoy making the tools that make other people's lives easier. With each new version of the software, their jobs should become less stressful and be completed more efficiently.

Technical Skills

C#, ASP.NET MVC, WPF, MVVM, Entity Framework, LINQ, Sql Server, Javascript, HTML5, AJAX, Silverlight

Experience

July 2007 - Current **Lead Software Engineer** – Technology Studio, LLC

Developed a hybrid point-of-sale application for cell phone dealers and a web-based point-of-sale system for a financial company.

Responsibilities include:

- Designing database and application architecture
- Redesigned product and inventory system to simplify the experience for users
- Prioritizing and assigning tasks for scrum sprints
- Developed automated system to deploy new software versions
- Monitoring bug reports and feature requests.
- Importing data from various formats into database format

2005 - 2007 **Application Developer** – Dell Perot Systems

Used Visual Basic .NET to write windows services, web services and web applications.

Responsibilities included:

- Maintaining legacy VB6 applications
- Converted some VB6 applications to VB.NET
- Wrote technical specifications and software documentation.
- Designed, developed, maintained a distributed Microsoft Word mail-merge and print system
- Worked on a web-based document management and imaging system.
- Worked on a web-based workflow system for insurance underwriters.

March 2002 - February 2005 **Production Control Specialist** – TAG/TMI

Responsibilities included:

- Transferring of files to clients using FTP
- Assigning work to the computer operator team
- Monitoring a IBM Mainframe system and setting up of nightly JCL jobs and tape backup scheduling
- Created programs and scripts to automate tasks that were being done manually which reduced the size of the team
- Developed a process to charge clients for print and copy supplies which greatly increased the profit of the team

Education

2000 - 2002 **Associates Degree in Computer Programming** – Southeast Community College

2010 – Current **Bachelor's Degree in Computer Science** – Bellevue University
